

COLLABORATING BEYOND THE SCHOOL

- Partnerships with cultural groups, government and non-government agencies to support activities e.g. play group, school nurse, breakfast clubs
- Partnerships with universities to provide therapy services or develop community programs, e.g. student speech pathology clinics; social work/community development
- Partnerships with agencies and organisations to support student learning
- Community use of school facilities, e.g. community rooms, library, computer rooms, halls and gyms
- Participation in community meetings and events
- School membership on community groups
- Linking families to support services
- Vocational education programs/pathways
