A Celebration of Senior Public Education Students

The Northern Territory Council of Government School Organisations (NT COGSO) President, Gerard Reid congratulates the record number of students receiving their Northern Territory Certificate of Education and Training (NTCET) today.

“The senior years can be particularly challenging for students and COGSO equally congratulates and recognises the students families, teachers, school councils and school communities.”

“The unrelenting support and guidance by those around our students is what ensures our students have the best opportunity to succeed”

Mr. Reid said “The high percentage of students from Government schools in the top is a great endorsement for our public education system. I would like to offer special congratulations for Anna Myers from Centralian Senior College for achieving the top level and for Asha Tonkin-Reeves from Katherine High School as the top Indigenous student.”

“All of our Senior Colleges have done extremely well and I wish all of our finishing students the very best. I would also like to offer special thanks and congratulations to all of our hard working teachers. I know their heart and soul go into long hours of preparation, encouragement and presentation.” Added Mr. Reid

“Investing in our students, programs and our schools for all future Territory students is crucial “concluded Mr Reid.
